

Introducing a great new way to order your Pansies and Violas just in time for the Fall 2024 planting season.

Southern gardeners know that the secret to a beautiful garden in the Spring is to plant pansies and violas in the Fall.

Don't settle for store-bought plants! Here is your opportunity to order direct from a leading grower of quality annuals: Chestatee Growers, a family-owned and operated grower, founded in 1982. Direct from the grower means that your plants are in the best possible condition.

These plants haven't suffered from over or under watering, heat damage and exposure.

Just place your order and make one convenient pickup. We'll even load your car for you.

Excellent prices for top quality plants ... and a chance to support your Marietta Educational Garden Center and Council of Garden Clubs.

Premium quality plants direct from the grower! Sold only by the flat for only \$20.00. That's less than you would pay at many leading garden centers.

Each flat contains 18 3-inch pots. Don't need a whole flat? Share a flat with a friend or a neighbor.
